

Hands on exercise 12

- Write an XML Schema that validates the following XML

```
<chapter>  
  <para>...</para>  
  <para>...</para>  
  <list>...</list>  
  <para>...</para>  
  <table>...</table>  
  <para>...</para>  
</chapter>
```

Hands on exercise 12

- Create an XML Schema that matches the following DTD declaration and an XML document that validates.

```
<!ELEMENT document(title, (para | list | table)*)
```
